

# Take It To The Street

Don Smith

## **Chorus:**

Take it to the street.  
Take it to the people,  
Ev'ryone you meet.  
Take it to the street.

## **Verse 1:**

Take it to the street.  
Take Him out to the city.  
Tell ev'rybody, ev'rywhere.  
Tell ev'rybody that don't seem to care.  
Tell your brother, your sister, too.  
Tell ev'rybody.  
Tell 'em the truth.

## **(Chorus)**

## **Verse 2:**

Don't be afraid to tell them.  
Don't be afraid to give it away.  
Don't be afraid of fear and hate,  
'Cause it don't matter what anybody says.  
You just give it away.

## **(Chorus)**

## **Bridge:**

Shout it from the rooftop!  
Shout it from the hall!  
Shout it up heaven!  
Shout it out to all!

Take it to the Sheriff  
Take it to the thief.  
Take it to the doctor,  
'Can't get no relief.  
Take it to the right.  
Take it to the left.  
There's no power on earth.  
Save us from this wrath.

## **(Chorus)**
